# **Event Summary**

RIUF, the Romanian International University Fair, hosted its 11<sup>th</sup> and 12<sup>th</sup> editions during the 2012 – 2013 academic year. 122 international exhibitors from 21 countries have benefited from this recruitment opportunity, having reached out to thousands of potential Romanian students within the Autumn Edition of RIUF 2012 and the Spring

Edition of RIUF 2013. More than 15.000 academically valuable high school and university students, recent graduates and young professionals challenged exhibitors not only by attending the event in such a high number, but also with out of the box questions.

The 4 locations of RIUF cover all the Romanian student market, with more than 90% of all the medium and large urban areas strategically being within 200 km of either of them.

# WHAT RECOMMENDS RIUF AS THE LEADING RECRUITMENT EVENT NOT ONLY IN ROMANIA, BUT ALSO IN SOUTH-EASTERN EUROPE?

• The great number of visitors participating in the event

More than 15.000 students have attended RIUF during the 2012 - 2013 academic year

 The quality of the visitors attending the fair (we specifically invest in educating the market about the essentials of studying abroad)

I was very impressed with the quality of students at RIUF.

Nadia Chelbi, University of Hull

■ The institutional industry endorsement from CampusFrance, DAAD, EducationUSA / Fulbright Commission, British Council, as well as from the Romanian Ministry of Education, Research, Youth and Sports

> CampusFrance, DAAD, Education USA / Fulbright Commission, British Council are traditional RIUF exhibitors, having a 100% return rate since their first participation

 The quality of the support services provided pre, during and post event (we especially take pride in our large and enthusiastic support team)

The pre-information about flights, planes, accommodation was helpful and made planning extremely easy. Samantha Savage, Malmö University

 The ratio of international exhibitors compared to other similar events

Close to 70% of RIUF's exhibitors are international

 Our ability to attract 5 out of the Top 10 Universities of the world

Massachusetts Institute of Technology (MIT), Harvard University, University College London (UCL), Imperial College London, and Princeton University attended the 2012 – 2013 academic year RIUF editions

# HIGHLIGHTS OF THE AUTUMN EDITION OF RIUF 2012 AND OF THE SPRING EDITION OF RIUF 2013

Pre event visitor registration system which resulted in an increased efficiency of gathering leads at RIUF

No more hand written contact details sheets, no more time spent transcribing the lists, but more time to interact with the thousands of visitors attending the event

- Special destination pavilions organized with the help of national agencies which recognize the high recruitment potential of the Romanian student market:
- German language pavilion with the support of the DAAD 21 universities from both Germany and Austria
  - **UK pavilion** 20 universities together with British Council participated in the event
  - **Dutch pavilion** numbered 12 academic institutions
- French pavilion with the help of CampusFrance 5 universities attended the fair
- TOP universities pavilion 5 out of the top 10 universities of the world were represented at RIUF by academics, international recruiters and Romanian students or graduates
  - Hotel Management Schools pavilion 5 academic institutions from Switzerland and the Netherlands booked RIUF as their main marketing tool on the Romanian student market
- The largest German presence yet, coupled with the first booth-personalized country pavilion
  - Universities from 20 countries were presented at RIUF, including more exotic study destinations such as China or Australia

Almost all of the private sessions were

100% booked prior to the event

This new registration system for visitors now allows universities to have access to the profile of the students they have interacted with at RIUF and thus implement a more targeted follow-up process. How?

- 1. Visitors register by filling in a form prior to the event (contact details, country & program of interest, level of studies, etc.)
- 2. Following their registration, visitors receive a unique identification number. This code will be worn as a badge by each visitor
- 3. Exhibitors scan the visitors' codes
- 4. Exhibitors scan the visitors' codes and then send the organizers the list of scanned codes
- 65 presentations, seminars and workshops during the Spring Edition of RIUF 2013 (44 in Bucharest, 11 in Timisoara, 10 in Iasi) and 38 within the Autumn Edition of RIUF 2012 (26 in Bucharest, 12 in Cluj-Napoca)
- Special networking events: Romanian evening sit down-dinner & RIUF cocktail party which allowed RIUF exhibitors not only to take some time to relax after some very busy fair days, but also to engage in fruitful conversations on international cooperation and recruitment
- 45.256 online visits, out of which 29.394 unique visitors on www.riuf.ro during the marketing campaign for the Spring Edition of RIUF 2013 the largest number in recent years.

All in all, RIUF offers the best value for money for all international universities committed to the recruitment of students on the Romanian market. Their return on investment is based on intensive efforts in raising their brand awareness and increasing their visibility among potential students through RIUF as the main channel of communication. We encourage you to learn more details about our events in the next few pages as well as on www.riuf.ro

Romanian Exhibitors

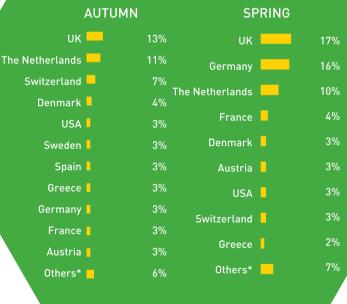

On a market as dynamic and competitive as the Romanian student one, successful exhibitors plan thoroughly their RIUF participation. Thus, they maximize the efficiency of the time and resources invested in Romania by:

- Choosing the best marketing mix with the support of the services offered by EDUCATIVA (the exhibition organizers):
- Advertisements in the Fair Catalogue
- Private Presentations during the events, to maximize the impact of the time spent at RIUF
- Evaluating and admitting students on the spot
- Networking with Romanian education professionals
- Working with reliable agents (such as EDMUNDO also managed by EDUCATIVA)
- Reaching out to alumni and developing a network that can help to increase the brand awareness on the market
- Organizing additional events that facilitate learning opportunities private presentations or seminars before or after RIUF. They can
  - A) help a more focused audience to gain in-depth understanding of the opportunities on offer and
  - B) help the marketing/recruitment officer to learn more about the Romanian market
